MEETING TIME CHANGE – 8PM

Now that we set our clocks forward, we are moving the meeting to 8PM. Weather permitting (and field conditions permitting), go fly first and then come to the meeting. See you there. →

USING THE FIELD THIS SPRING

We've had some April showers (and snow). Don't forget to check the website for details on the condition of the road, pit area and flying field before heading out to get in some early spring flying. Sometimes the field may be closed due to it being too wet to safely fly without causing repairs to the field. Please use common sense and if you get out to the field and it is too wet, please don't use the field or the pit area. Thank you for your assistance. →

WIND SOCK; WEATHER AND CHARGING STATIONS

Hopefully once the field dries out a bit, we can get the wind sock up and the weather and charging stations mounted and working at the field! Keep an eye on the website for the weather station to begin transmitting for the season. →

FIELD SEARCH

Don't forget to keep your eyes open for any potential flying field sites. We still haven't found a new location yet. So, if you hear about a place, or happen to drive by someplace that has potential, let us know and we can check it out! →

ANNUAL FUEL ORDER

For those of you who let me know your fuel needs, I have placed the order with Fields Hobbies. They will let you know when the fuel arrives! →
