THE FIELD IS OPEN!!!!!!!

Thanks to everyone who pitched in to clean up and set up the field and driveway so that we can finally enjoy some flying! If you haven't made it out to the new field...Why not??? It's Awesome! →

SUMMER PICNIC – JUNE 11TH 6PM

Please join us for our 1st summer picnic at our new field. It will be held on the regular meeting night, Thursday June 11th, starting at 6PM. We will supply the hot dogs, condiments, chips, and soda. Feel free to bring a dish or dessert to pass. Don't forget to bring an aircraft to fly in between eating hotdogs! →

SAD NEWS

In case you haven't heard, we lost 2 long time members this past month. Phil Johnson and Frank DelRusso. Our thoughts go out to both familys. FYI, both families are looking to liquidate the airplane and building equipment. Please see the website for contact information if you are interested in purchasing something. →

FIELD RULES/ETIQUETTE

Now that we can start enjoying the new field, it's time to send out the current field rules. Please review the attached field rules as they were updated over the winter to align with our new home. Please help us keep everyone safe, and keep our neighbors happy so that we can stay in this location for a long time. Last, please remember to clean up after yourself. I was at the field the other night and noticed a lot of cigarette butts on the ground after most folks had left. **Please pick up after yourself.** →

WHAT'S LEFT TO DO?

There are still a few items left to return to the field including benches and the windsock. Eventually, we will be constructing a shelter (with weather and charging station) to replace the tarp over the picnic table. →

FIRST FLIGHT!

I documented the first "official" flight at the new field. Joe Suarez who spearheaded the field search and eventual setup of the field got to have the first toss. →
