The Official Newsletter of Brauer's Aviators
AMA Club Charter Number 1612 - www.Brauersaviators.org

May, 2019

Club Meetings are held the **Second** Thursday of every month at Brauer's Restaurant 6611 Campbell Blvd.

**** The next meeting will be on Thursday June 13th at 8:00PM ****

FROM THE PRESIDENT

We are off to a SLOW start this flying season. The weather has not been conducive to field development.

Jim was able to brave the soft approach drive to the field and get the first cutting completed, Thank You Jim. The aerial photos (on our website) clearly show the work that was performed last fall. Our field will be in good condition thanks to Joe, Dan, Jerry, Dave and the volunteers that worked their magic to get this far. Now if we all could do the "Stop Raining" dance, we could be flying very soon.

As of this Monday the flight stations, protective barriers and the bench are in place. Thanks to Dan Yaeger, Joe Suarez, Dave Raczka, and Jim Behnke for the stellar job getting the field to this point. The photos below clearly show the progress that has been accomplished.

There are a couple of actions that must take place before it is ready to fly. The grass needs to be cut again, the field has to be rolled and the cut grass removed from the runway. There will be a full status report and plan presented at the next meeting, June 13th. @ 8:00 PM at Brauer's.

This month's meeting June 13th will be special for 2 reasons. First it's show time. Bring one of your favorite planes to this meeting and share your experiences or just showcase it. If everyone contributes you will be amazed at the diversity of the planes we fly. Secondly Glen Topolski will present SAFE landing techniques. We will utilize a flight simulator so different planes and wind conditions can be safely demonstrated.

ALWSD,
Brian

WELCOME NEW MEMBERS

We would like to welcome our two newest members, Chris Butcher and Gary Jenkins →

SHOW 'N TELL AT THE MEETING

It's our annual Show 'n Tell at the meeting this month. Bring an aircraft and show it off! →

MEETING PRESENTATION

Glenn's going to show us all how to safely land by demonstrating with the simulator! →

DRIVEWAY ENTRANCE

On the other side of this newsletter is a picture of EXACTLY WHERE we need to enter and leave our property. DO NOT drive in anywhere else except between the 2 white poles with reflectors in them. Going in, follow to the left side (Hebler's) of the white poles heading back to the farm. Stay off the mowed grass of the firehall. →
