NOTICE: MEETING DATE/TIME CHANGE

NEXT MEETING THURSDAY MAY 9TH AT 8 PM

With the increased number of club members and the restraints we currently have at Brauer's' we are recommending changing our meeting nights to the 2nd Thursday of the month. This change will allow more seating for our members, less noise from the other club, so you'll be able to hear what's going on and more room for technical topics presentations. We trust that this change will make our meetings more enjoyable and informative.

FIELD STATUS UPDATE

As I mentioned last week, we made some progress this month on the field. Unfortunately, it is still WAY too soft to drive back to the field. Since it is still raining out quite often, it's going to be too soft for a while yet. Please bear with us. Once we can get back there, we will get the runway cut and bring back the basic items that we need to begin using the field. →
