APRIL MEETING AT THE MOOSE 4/14 AT 7PM

Since we are assuming standard crappy April weather, we decided to meet this month at the Moose Lodge at 75 Washington Street in North Tonawanda at 7PM on April 14th.

Come to the meeting with ideas/suggestions about what we can do to make our field better. My (Dan's) suggestion will be for us to do more road work so that we have more consistent access to the field in the spring and fall. What else do we need to do this year?

What do we want to do as a club this year? Picnics? Fun Fly? Bring suggestions!

At the April meeting we will have our annual (pre-covid) show and tell meeting. Please bring out your favorite new or well-loved aircraft to show and tell everyone about.

Also, at the April meeting, Joe and Brian will do a demo on proper balancing for planes, props and spinners. Hope to see you there.

FIELD REPORT - NOT READY TO DRIVE BACK!

Joe WALKED back to the field today, Wednesday April 6th. He reported that the road is not drivable at this time (he sunk in just walking). The pit area and runway look good, but are soft. Please keep an eye on our facebook page for future field condition updates. Please use common sense this spring when attempting to drive back. If it looks like you are going to rut up the road, please don't drive back! Thanks for your help!
