NEXT MEETING

Our next meeting will be July 12th at 12:00 PM at the field. This will be our first picnic this summer. \$5.00 gets you a hot dog, chips and a drink. Come on out, bring your appetite and an aircraft to fly.

CLUB OFFICER ELECTION RESULTS

The existing officers were unanimously re-elected to another two year term.

President – Joe Suarez
Vice President – Kevin Borzilleri
Treasurer – Al Herrington
Secretary – Dan Yaeger
Newsletter Editor – Mike Bucklaew

BY-LAW CHANGES

The proposed by-law changes were approved.

EMERGENCY ACTION PLAN

We all know that nothing ever goes wrong when we're at the field. Dan Yaeger took the lead in developing an Emergency Action Plan for the club. I've attached a PDF in the email with this newsletter. It will be posted in the shelter soon. In the meantime there is a printed copy in the first aid kit. Take the time to familiarize yourself with the information it contains. It'll prepare you to help yourself or another member if something ever does happen.

AMA CLUB TRAINING DAY STARTER KIT

In mid-May, the AMA Foundation launched an exciting initiative—Club Training Day Starter Kits! This initiative was created after AMA Foundation Executive Director Steve Haston traveled to meet with several clubs in the closing months of 2024. Brauers applied and was accepted to receive a kit. This was a very limited opportunity (only five clubs in District II) and we're thrilled that we were able to participate. The kit has arrived and Ryan will be working with Nick to get him trained using it. You can read all about it at <https://amafoundation.modelaircraft.org/posts/ama-clubs-awarded-club-training-day-starter-kits>

District II

1. Corning Tri-Rivers R/C Modeleers
2. Syracuse Thunderbirds Aero Radio Society
3. Lazy Eight Radio Control Club
4. Hubbard Wingsnappers
5. Brauers Aviators

JUNE MEETING HIGHLIGHTS

We had a busy June meeting. Elections, by-law changes and the most important part. The new T-shirts and hats were delivered to those that ordered them. They look great!

Where did you get the great hat?

It was great to see Cooper at the field...

There I was at 20,000 feet when my LiPo died...

And he was flying.
(BTW this is a plane he built)

JUNE MEETING HIGHLIGHTS...

It's such a nice day. Can we hurry up the meeting and start flying?

If you don't buy 50/50 tickets, there's no way you're going to win!

Who needs planes when you have a cool helicopter...

We had a great time. Thanks o everyone who attended. We'll see you all July 12th for the picnic.

CAUGHT SOME PEOPLE HAVING FUN JUNE 7TH

Imagine that. It was a Saturday and not raining or having 40 MPH winds. Someone must have done something right to get us a good day... Kevin took the pictures so I didn't have to.

These aren't even fake smiles.

This field is a little smaller than what I'm used to but it'll do when I'm in town visiting...

How come Dave and Mike get to hog the picnic bench while the rest of us are out here in the sun doing all the flying?

At least they aren't hogging the good flight stand!

JUNE 29TH

Another weekend day with absolutely perfect conditions. If you didn't make it out there, I'm sorry you missed probably one of the best days so far this year. Field was in excellent shape, humidity and temp were reasonable. No rain or wind. I should have brought some different planes that could have taken advantage of it but I was caught off guard. The Bloody Baron would have loved it. A slight breeze did pick up later but that just helped keep us cool.

A little glue and the Radian flew again.

I'm so glad I came out today!

It doesn't get any better than this...
