A motion was put forth to have 4 picnics this summer. So, our summer meetings/Picnics are now on the 2<sup>nd</sup> Saturday of each month at around Noon. The club will provide the hot dogs, chips, soda, etc. Consider bringing a dish or dessert to pass.

The June meeting/picnic will be on Saturday June 11<sup>th</sup> at noon at the field.  
Hope to see you there.

## SAD NEWS

At last month's meeting, Joe Suarez reported that Tim Harper was in the hospital with Covid. Unfortunately, on Saturday May 21<sup>st</sup>, Tim passed away. Our thoughts are with Tim's family during this difficult time.

## MISCELLANEOUS NOTES:

- Our large solar panel has bit the dust. At the last meeting, it was decided to replace it with two new panels. Dave has received and installed them. The Charging station is ready to go and the weather station is either up and running or will be shortly. NOTE: Please don't adjust the Solar Controller!

- A couple of summers ago, it was discussed and approved to purchase a roll-up blind for the sunset side of the shelter. As this was never followed-up on, Dan Yaeger donated a well-used blind and installed it at the last meeting. Feel free to use it, but please remember to roll it back up again before you leave for the evening.
- Stay to the right on the grass when entering the driveway so we can lessen the ruts for the time being.
- Be mindful of the road when there has been rain.....
- The field is the best it's ever been, let's keep it that way, clean up after yourselves, remember to remove your trash when you leave, alert a club officer if you find any damage at the field. (As well as the police if warranted)
- Let's all enjoy the flying this year, we have a great club with an awesome field and a great bunch of people, don't be afraid to participate.

## NEW ASSEMBLY STATION

Thanks go out to Al Herrington for building us our new aircraft assembly station. The PVC pipes are height and length adjustable to hold from small to large aircraft for assembly and work. Very nice job! Thanks Al.
