

THE AVIATOR

Volume XXXII Issue 373

The Official Newsletter of Brauer's Aviators
AMA Club Charter Number 1612 - www.Brauersaviators.org

November, 2020

Club Meetings are suspended until further notice.

*** Please stay home and stay safe! ***

MEETINGS SUSPENDED UNTIL FURTHER NOTICE!

Please note that due to circumstances beyond our control, we will not be having club meetings for the time being. Please read about this in the "From the President" section below. →

PORT 'O POTTY DONATIONS

Glenn reported that we received a surge of donations to pay for this year's port 'o potty. It was enough to fully cover the cost once again. Thank you. →

FROM THE PRESIDENT!

According to the FAA model aviators will be faced with remote identification. At this time the "plans" are to indicate a written test to assure that model pilots are aware of the requirements to safely fly. It's not a law now but it looks like it's coming in some form. If you have registered with the FAA in the past I suspect this test will be similar.

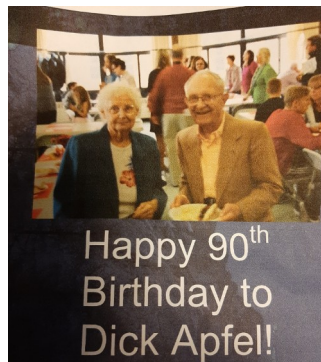

Our proposed meeting place has decided that it will charge our club \$50 per meeting night. This is totally unacceptable. For a minimum of \$100 they will provide a club dinner menu. This basically means that every member in attendance will have to buy a dinner. In the event there aren't enough dinners to meet the \$100 minimum the club would have to make up the difference. Considering the COVID-19 status, the winter weather and limited member attendance during the winter months; the club Officers, in total agreement, have decided to cancel our monthly meetings until we can find another venue or until we can meet at the field. This means that we will not be having our normal Holiday party. Election of offices and discussion and voting on member ownership of grass cutting will be put off until we can formally meet with a quorum of members.

We will explore the possibility of having a ZOOM meeting in the event that a major issue requires the full club input and a decision for a course of action. We will continue to publish our monthly newsletter as a way of keeping in touch.

One of the strengths of our club is the strong friendships and the comradeship's that have developed thru the years. With this strength we will get thru this bump in the road. The club leadership is not happy about this situation but these are the cards we dealing with.

Congratulations to Larry and Gregory Gee for an interesting article in the October issue of Model Aviation. It reminds me that some of our best flying experiences can come back to life with dedication, talent, determination and a little help from our family or friends. Well done Greg you certainly made your dad happy.

ALTSU, Brian →
