Tom Welch
695-6053

Safety Officers:

Joe Suarez
694-8641

Webmasters:

Dave Raczka
684-2122
Joe Haniszewski Sr.
692-2433

Club Historian:

Will Burley
563-0754

AMA Instructors:

Dave Raczka
684-2122
Dan Yaeger
572-5886
Glenn Topolski
693-9848

USING THE FIELD THIS SPRING

We've been stocking up on rain lately. Don't forget to check the website for details on the condition of the road, pit area and flying field before heading out to get in some May flying. Sometimes the field may be closed due to it being too wet to safely fly without causing repairs to the field. Please use common sense and if you get out to the field and it is too wet, please don't use the field or the pit area. Thank you for your assistance. →

WIND SOCK; WEATHER AND CHARGING STATIONS

To help you out, the windsock and weather station are both up and running. Check out the website for the weather station information. →

FIELD SEARCH

Don't forget to keep your eyes open for any potential flying field sites. We still haven't found a new location yet. So, if you hear about a place, or happen to drive by someplace that has potential, let us know and we can check it out! →

MEMBERSHIP ROSTER

Attached to the newsletter is our current membership roster. If you find any problems, please let either Dan Yaeger or Glenn Topolski know! Thanks to Warren for reminding me that I need to send this out. →

SHOW 'N TELL AT MAY MEETING

It's time to break out that new plane, chopper, auto-gyro and bring it to the May meeting for our annual show 'n tell. Show off your new stuff while it still looks awesome! →

NIAGARA AEROSPACE MUSEUM

A few weeks back, I went to the Niagara Aerospace Museum (since I found a groupon). When I got there, we were offered a free guided tour of the museum. We started with the tour, but it was more detailed than we actually wanted, so we went off on our own. The museum is very nice and includes a surprising amount of planes and helicopters for the small space (It's located in the old Niagara Falls Airport terminal). It's a nice place as you can also watch planes taking off and landing at the Niagara Falls International Airport. If you get a chance (or come across a groupon), take advantage of the nice museum in our own back yard. →
